Government of India, Ministry of Culture
National Research Laboratory for Conservation of Cultural Property
Sector E/3, Aliganj, Lucknow-226024

January 03, 2019

To,

All Heads of Museums,
All Heads of Archaeology Departments,
All Heads of Libraries,
All Heads of Universities

Subject: Training course/workshops announcement of NRLC for the year 2019-20

Sir/Madam,

This laboratory works for advancing conservation of cultural property through research, training filed projects, knowledge and communications, collaborations and public programs. Developing conservation professionals through skill development training is a core activity of this laboratory. Since 1978, NRLC has been conducting six months certificate professional course in conservation of cultural property and more than four hundred conservation professionals have so far been trained. NRLC also organizes short and long term training courses and workshops on special topics for different level of professionals working in the museums, libraries, archives, and archaeology departments.

Like previous years, this laboratory will be conducting training course/workshops on conservation of cultural property this year also. A training announcement for the current year of this laboratory is being attached herewith for wide circulation among staff working in museums, libraries, archives, archaeology departments and other govt./non-govt. cultural institutions. Head of organizations are requested to nominate their suitable staff for the courses/workshops given in the attached announcement.

It gives us a great pleasure mentioning that with the Ministry of Culture's sanction of 'Deposit Head' for field projects scheme of NRLC, there will now be 100% placement for the passed out trainees of NRLC and others in the field projects undertaken by this laboratory that makes this as an employment generation scheme of NRLC.

With regards,

Yours faithfully

(B.V. Kharbade)
Director General

Government of India, Ministry of Culture
